Here's the Cardinal Scoop

From the Principal

What a great beginning to the 2018-2019 school year we have had. We are extremely blessed to have supportive parishioners, families, staff and students. I am excited for all the great things that our students will be learning and encountering this school year.

Our theme for the school year is "Do small things with great love" by Saint Teresa of Calcutta. We are reminded that every little thing that we do for others and ourselves can bring great love and joy to a person. We are trying to instill in the students that it is important to be kind. One of the goals I have for this year is to have all our students say hello, good morning or evening and give a smile to anyone they see in the hallways, at mass, their classmates, and anyone they encounter. It is a small gesture that is not only good manners but can bring great joy to a person. We all have bad days and we never know what is going on in someone else's life, maybe that one small gesture can be the thing that brightens that person's day. Please help me with my goal and reinforce this with your children. God Bless you.

Illness and Medication

If your child is not feeling well before school in the morning, please keep them home. If they are ill enough to need medication before school, they should be kept home. When the medication wears off and they are sent to the office they will be sent home. If they are prescribed medication we must have the original prescription bottle and Dr.'s note.
