#### ABOUT THE TUITION INCREASE:

For 2023-2024, tuition for K-8th grade has increased from the previous year in order to lower the parish subsidy paid to the school AND to help keep teacher salaries competitive. There was no increase to Pre-School/Pre-Kindergarten tuition this year. Tuition rates for the 2023-24 school year are among the lowest in the area and 50% LESS than the actual cost to educate a student.
